

AMENDMENTS TO THE DRAWINGS:

The attached replacement sheets of drawings include the following changes:

The replacement sheets illustrating Figures 12a and 12b, replacing the original sheets including Figures 12a and 12b, have been amended to show wall thicknesses with crosshatching and to more appropriately illustrate the media inside the chambers.

The replacement sheet illustrating Figures 18a and 18b, replaces the original sheet illustrating Figures 18a and 18b. Figures 18a and 18b have been amended to more completely and accurately illustrate screens 672 placed on the inside surface of sidewalls 671a of the oxytower chamber, as described, for example, on page 49 of the disclosure.

The replacement sheets illustrating Figures 20a and 20b, replace the original sheets illustrating Figures 20a and 20b. Figures 20a and 20b have been amended to remove the letters "Pum" from item 656.

The replacement sheets illustrating Figures 21a to 21c, replace the original sheets illustrating Figures 21a to 21c. Figures 21a to 21c have been amended to so that the portion of item 653c located inside the eductor is illustrated by a dotted line rather than a solid line.

The replacement sheet illustrating Figures 22a and 22b, replaces the original sheet illustrating Figures 22a and 22b. Figure 22a has been amended to illustrate that foils 653d rotate around the inside surface of the outlet cone 653b, as illustrated in Figure 22b and described on page 47 of the original disclosure.

The replacement sheets illustrating Figures 23a to 23f, replace the original sheets illustrating Figures 23a to 23f. Figure 23a has been amended to better illustrate a partial cross section of the inside of chamber 705, including adding crosshatching to show wall thicknesses. Figures 23c to 23f have been amended to show the entire cross section of media inside the chamber, rather than a partial cross section.

The replacement sheets illustrating Figures 24 and 27, replace the original sheets illustrating Figures 24 and 27. Figures 24 and 27 have been amended to more accurately depict that "H₁" refers to the heights of outlet pipes 111a (Figure 24) and 121a (Figure 27), as set forth on pages 38 and 59 of the disclosure. In Figure 27, the reference item "H" more clearly indicates the level of water in the chamber.

The replacement sheet illustrating Figures 28a and 28b, replaces the original sheets illustrating Figures 28a and 28b. Figure 28a has been amended to add reference numerals 653b and 653c, consistent with the original disclosure.

The replacement sheets illustrating Figures 1-7, 8a-8c, 9-11, 13-17, 19a-19b, 25 and 26, replace the original sheets illustrating Figures 1-11, 13-17, 19a-19b, 25 and 26, in order to replace the informal drawings originally submitted with the present application with formal drawings.
